Witch Costume

It's Halloween! And everyone needs a witch's costume. Here's how to make a quick and fun witch's hat and broom using reclaimed cardboard, a cardboard tube, old magazines and Makedo!

· Find · Cut · Punch ·

1 To make your Witch Costume for Halloween, source materials such as magazine pages and a long paper tube for the broom, cardboard sheets for the hat and Makedo Re-clips.

2 To make your broom, begin by cutting strips on the magazine pages. Ensure not to cut the strips all the way so that 30mm remains on the top. This is where the brush will connect to the stick.

3 Wrap all your cut magazine strips around your paper tube and layer as desired. Use the point end of the Makedo Safe-saw to punch a hole through the magazine pages and the paper tube.

· Connect · Roll · Build ·

4 Connect the magazine broom brush to the paper tube using a Makedo Re-clip. Add more magazine pages if needed to create more volume.

5 To make the Witches hat, cut a donut on the piece of cardboard ensuring that the centre hole fits nicely over your head. For the cone, cut a half circle slightly larger than the donut and ensure that there are square tabs on the ends and the center.

6 Roll your half circle into a cone shape over the donut. Once it has been rolled, ensure that the tabs sit underneath the donut.

· Build · Share ·

7 To connect the cone to the donut, use Makedo Re-clips to connect the tabs to the donut base. Secure the overlapping cone flap with a Makedo Re-clip.

8 You are now ready to venture on your broomstick to trick or treat. Accessorise your creation by adding jewels or paint. We would love to see what you have created so remember to upload it at mymakedo.com!
