

SHEKNOWS®

girl crush

She's like your real BFF... but famous!

SheKnows caught up with the talented Rachel McAdams who dished on her new movie *About Time*, her bucket list, and even her new untitled project stationed in Hawaii. The versatile actress discussed how she was swept away with the sentiment behind the film and how it relates to embracing “the messiness of life” and love in our everyday lives.

Our Girl Crush is known for falling for time-travelers, but that hasn’t stopped her from pursuing some of her most endearing roles. Instead, a new untitled project will feature McAdams as a woman who recovers and brings home the bones of soldiers lost in wars. She said the film is mysterious and “quite quirky.”

Highlights from our Girl Crush:

- What made her fall in love with the story behind *About Time*.

- Details about her new untitled project in Hawaii and working alongside Bradley Cooper and Emma Stone
- Her bucket list including her paragliding adventures
- Reminisces about Wedding Crashers and her days as a McDonald's employee
- Why she's passionate about being an environmentalist
